- The curriculum is updated from time to time and there is a balance between theory and Practical in the Curriculum. The Curriculum has space for innovative teaching and research, promotes the use of ICT facilities in the teaching learning process; effective evaluation Procedure; instills the values and skills in our Student Teachers; addresses preservation, promotion and transmission of India Culture; prepares professional teachers; lifelong learning.
- Parents suggested that the course have enhanced their skills and knowledge but it has been also suggested that the file work and work load should be reduced.
- The internet facility in the library needs to be improved.
- The time duration to retain the issued books from the library should be increased.
- Employers specified that the students need to improve their communication skills.
